Statement of Claim

The Registered Agent info is wrong, the current agent info from SOS.ca.gov says Corporate Creations Network Inc. 7801 Folsom blvd #202 Sacramento, Ca 95826. The address returns Sun Doc Filing, and the agent Jennifer Lee has 7 different claimed alias names. Shows she is current and active with the bar. However it's claimed she is employed by Husch Blackwell with an address that Mozilla uses as well for accepting legal-notice. I had the address verified by the security manager of the San Francisco Sheriff's department. Sheriff's department stated the building is vacant and the company has moved on to a new location. Also Jennifer Lee has no correlation with Corporate Creations Network Inc. and is not employed by them, nor is one of their agents.

Statement of Claim

No Internet connection
Destroying 300+ misc devices
Applying MPL 2.0 license
Not allowing to look for work
Not allowed to apply for work
Supervized PC user
Monitoring use
Control (deciding what I can
and can not do)
modifying source code
merged multiple accounts
together (my Parents & mine)
for additional control

Statement of Claim

Request this case be transferred to the Northern District so the Venue and Jurisdiction will be correct.

Mozilla and the Internet Resource Manager have made this case personal. Any and all access to the internet have been taken away from me. Not allowing me to use any type of phone or PC, crashing everything I get in less than an hour and sometimes they don't even turn on. They have unleashed a cyclone of vindictive and malicious fury upon me. A person managing a claimed position of official function, should not be allowed to let there own opinions bias how these resources can be used. Over 4 yrs now

1 and ongoing everyday they make
 2 the simplest tasks in your daily
 3 routine almost impossible to complete
 4 creating bogus copyright issues and
 5 selling my personal and private info
 6 to entities they partner with. These
 7 people enjoy taking a person's life
 8 away from them only to control it
 9 against their will. The resource
 10 manager says and I quote "I like
 11 doing things to people that the
 12 people can not do anything about.
 13 Also, and I quote "I spit in the
 14 face of authority". Also I quote
 15 "I'm gonna tell you exactly what I'm
 16 gonna do to you, because there
 17 is absolutely nothing you can do about it."

18
 19 Things they do:

20
 21 Taking away EBT (Food Stamps)
 22 Blocking Internet and TV when I
 23 stay at a motel
 24 Playing games with free
 25 public WiFi
 26 No bluetooth connections
 27 not even the stereo in my truck
 28 creating new trouble codes

1 and deactivating live monitors
2 on my vehicle so I can't smog test
3 or register my vehicle, taking
4 away any help or feedback,
5 can't file a complaint of any
6 kind. Blocking phone call support
7 any time they can. Taking away
8 communication with the FCC,
9 FTC, and FBI (IC3.GOV).
10 Ruin my personal credit and
11 will not allow you to look for
12 work or apply for a job. The
13 redirect is Delete employment
14 application and all cache. The
15 resource manager likes to see
16 people suffer and taking away
17 free public resources that everyone
18 can use and access.

1 The actions mozilla is applying
2 to me has made such an extreme
3 impact on my life that I have
4 had to get a psychiatric doctor to
5 help me with the burden and
6 hardships they have forced on me
7 when I go to the doctor for a
8 session, at the end they take my
9 vitals. My blood pressure is so
10 high and unsafe they make me
11 go to the ER till my blood pressure
12 drops because it is life threatening.
13 my doctor says what Mozilla and
14 the Resource manager are doing to me,
15 will probably kill me before I can
16 fix this issue. I have included
17 the latest copy from my doctor, and
18 this is why I'm requesting a
19 preliminary injunction and the
20 relief will indicate a money
21 demand for devices shut off and
22 destroyed for no reason at all
23 just to be spiteful and because
24 they can and answer to nobody.
25 Also, a money demand for 4 yrs
26 of no internet and the work I found
27 when this issue started, blocking
28 me from messages from the HR dept.

Relief

Access the Internet
Delete all info from the web
Remove all aliases name info
Delete all accounts and personal
info from Mozilla.org
Delete all Firefox accounts
Remove all links applied to
me and anyone else I know
Remove all the merge info
and damaged caused between
my father and I, public accounts
stop all supervised activity
stop all control activity
stop and remove all licences
that limit use and don't pertain.

Money Demand 30,000

All misc devices destroyed and shut down

Money Demand 300,000

4 yrs no internet access,
Jobs offered to me I could not
accept because of there foolish control
